ATTN: GARY MOLCHAN, GENERAL MANAGER

IN REPLY REFER TO MSW #434-81

Thank you for your letter of April 17, 1981, advising that Combe landfill was designated by the Morris County Solid Waste Management Plan to accept all solid waste generated in Morris County, plus certain designated municipalities in other counties, until the Morris County Landfill is operational or until interim disposal facilities are identified.

We are pleased to hear that you are accepting all wastes which apparently includes tea leaves and industrial waste. However, we would appreciate being informed as to which specific tariff rate is being applied to the industrial waste category.

Should you have any questions, please call Mr. John Pisor at (201) 648-2160.

ALEX LAWRIK - DIRECTOR
